

August 2007

Owner Rodney Twiss, with his Rolls Royce Silver Shadow I, outside of *Buxton Manor*, with guest Ralph Junghanns, proprietor of *Global Bike Tours*, setting off with his brave team of hardy South Island New Zealanders on a 6 day bike journey along the wild Southern shores of Australia; from Adelaide via the Coorong (with his friend *Jock Venstra*, from *Spirit Australia Cruises*), to ultimately Melbourne.

Having covered this route a number of times we can certainly recommend this *Unique Coastal Journey!*

Bentley Drivers Club

The Bentley Drivers Club (S.A.) Inc. boasted an action filled day on sunny Sunday with visits to the glorious Adelaide Botanic Park, the historic grounds (82 acres) of Australia's finest school, *Saint Peters College* and the immensely interesting workshop of Gavin Sandford-Morgan's AOM with its bevy of collectable cars being restored.

Then onto the Fire Station Inn of North Adelaide, where hosts Rodney and Regina Twiss combined with *Adelaide Cellar Door* Proprietor, Jane Harris to present a selected small brand wine tasting mainly from Kangaroo Island, a region we all adore.

The 50 or so Club members were most amazed by the friendly, exciting and ambient atmosphere so prevalent in the Fire Engine Suite.

Then on to the *Lion Hotel*, for a long lunch with Adelaide Hills Sauvignon Blanc.
